

INDIAN SOCIETY OF PERINATOLOGY AND REPRODUCTIVE BIOLOGY

MID TERM CONFERENCE AT CHENNAI

7th & 8th OCTOBER, 2017

ISOPARB

Dear Friends,
Vanakkam !!

The INDIAN SOCIETY OF PERINATOLOGY AND REPRODUCTIVE BIOLOGY (ISOPARB) was formed by a handful of stalwarts in Patna in 1978 as Indian Society of Fertility and Reproductive Biology and later in 1979 took its present name.

ISOPARB with its very active, functioning head office in Patna holds one Midterm Conference and one Annual Conference every year all over India. It is our pride and privilege to host this year's Midterm Conference in Chennai, the Capital city of Tamil Nadu State with its rich mix of heritage, art, culture, science and technology. The entire organizing team is working with great enthusiasm and commitment to bring forth a fulfilling academic feast on 7th and 8th October 2017 with interactive workshops and scientific sessions, focusing on the events happening in pregnancy and around delivery.

We look forward to an enthusiastic large audience to make the conference a big success.

Dr. Vijayalakshmi Seshadri
9841046733
Organizing Chairperson.
