35th National ISOPARB Conference 2019

Organized by ISOPARB Hyderabad Chapter

29th - 31st March, 2019 | Park Hyatt

Theme

"Controversies & Consensus in Obstetrics and Gynaecology"

Welcome message by ISOPARB President

Dear Friends,

I bring you greetings from ISOPARB. It gives me great pleasure to invite you to 35th Annual ISOPARB Conference from 29th-31st March, 2019 hosted by the Hyderabad chapter of ISOPARB at Hyderabad. Hearty Congratulations to the dynamic organizing chairperson, Dr. Rooma Sinha, Dr. Madhumathi S and Dr. YK Swapna the vibrant Secretaries and their hardworking team for putting in huge efforts and thoughts together for organizing this conference. The conference theme 'Controversies and Consensus in Obstetrics and Gynecology' is very unique. A fusion of Evidence based Medicine and clinical experience will help to have the best possible approach and management of a patients today. The team has put forth so many interesting workshops, which I am sure will be of immense value to the delegates.

Looking forward to meeting all of you soon in the city of Hyderabad

Prof. Dr. Suchitra N. Pandit
President ISOPARB

Welcome message by ISOPARB Secretary

Dear ISOPARBBIANS,

Warm greetings and a hearty welcome to the scientific bonanza in the happening city of Hyderabad. Dedicated to the ever advancing knowledge in the field of perinatology and reproductive biology, lets develop our skills through workshops and stimulate our brain through discussions and lectures.

Let's work together in the true spirit of ISOPARB for a healthy mother and happy child.

Regards,

Dr. Meena Samant
Secretary ISOPARB

Welcome message by Dr. D Pushpalatha

Dear Friends,

It is with immense pleasure that I invite you National conference in March 2019. ISOPARB is a multidisciplinary and multispecialty consortium formatted for the care of Mother and Child right from Intra Uterine phase. Hyderabad chapter has been formed in the year 1999, as coordinating forum for South zone. Since then under the able guidance of various managing committees hyderabad chapter conducts regular scientific Programs as CME, Workshops, Yearly Conference named MAATRIKA and National conference too when the turn comes. The various academic programs are educative and informative to Practice Healthcare of high standards. These meetings are well received and are being looked forward to by the Medical Fraternity of Hyderabad and Telangana.

I welcome you all to the 35th National ISOPARB conference.

PATRONS

Dr. D Pushpalatha

Dr Y Savitha Devi

Dr K Swarajya Lakshmi

Welcome message by organizing Committee

Welcome to 35th ISOPARB national conference 2019

We invite you on behalf of **ISOPARB** Hyderabad chapter for the 35th ISOPARB national Conference to be held on 29th, 30th, 31st March 2019.

Hyderabad, fondly known as the city of pearls and biryani, belongs to all of us and needs no introduction. The theme this year for national conference is **“Controversies and consensus in obstetrics and gynecology”**. It aims to give all delegates an avenue to discuss and deliberate on the changing practices with evidence-based medicine. On the first day (Friday the 29th March) we bring you a choice of six different workshops. This will be followed by symposiums, panel discussions, three orations and a public forum. The conference will be awarded with Telangana medical council credit points.

We cordially invite you to the ISOPARB national conference 2019 and enjoy our fabulous scientific program.

TO ALL THE POST GRADUATES, DNB TRAINEES AND JUST BORN GYNAECOLOGISTS

ISOPARB Hyderabad chapter has a tradition of loving its trainees. We try to cocoon them and help them hatch into beautiful butterflies and soar to great heights.

We invite you all to use this opportunity to register to the conference and send free papers and posters. The best four from every category get to present their paper in the main hall, in front of the august audiences and to be felicitated by the president of ISOPARB. off course certificate of participation will be given and your picture on podium will be posted on our website

We encourage original research work. All abstracts will be reviewed by a panel of experts and will be accepted as oral free paper/poster presentation during ISOPARB 2019

Themes

- AUB
- Fetal Medicine
- Preterm Birth
- Medical Disorders complicating pregnancy

Last date for submission: 15th February 2019

Notification to Authors: 28th February 2019

Abstracts submission- ONLINE ONLY
Please visit: www.isoparb2019.com

Prizes

DR. JAGDISHWARI MISHRA AWARD

Junior doctor within 5 years of passing MBBS and presenting papers on theme subject in short communication will be eligible for the award there will be three judges

MRS. VIDYA BHASIN AWARD

Senior members who have obtained postgraduate degree are eligible for this award

Feel free to call for any further assistance

Dr Shruthi Kesireddy: +91-9849479994, Dr Sharada M:+91-9963978070

Oration

Placenta - The Saviour becomes the Devastator

Dr Uma Singh

Dr Kamala Achari Oration

Fetal care - The changing paradigm

Dr Suresh S

Conference Oration

Uterus transplant - Courage Commitment Candour

Dr Neeta Warty

Dr S N Tripathi Oration

ISOPARB YUVA QUIZ -SOUTH ZONE

TOPIC- MEDICAL DISORDERS IN PREGNANCY

8 Candidates will be selected and quiz for 4 teams
Quiz has 10 rounds with ISOPARB round.

Team which wins will have to participate in final round at National conference in hyderabad at March 30-31, 2019.

Endo March

Join us in creating awareness on endometriosis. Be part of international event EndoMarch on the morning of 31st March 2019 in association with ISOPARB & Endometriosis Society of India.

R N Ganguly Public forum: Modern lifestyle - Boon or Bane to Women's Health

Invitees - Mrs Ratna, Mrs Shailaja Kiran, Mrs Namrata Shirodkar Ghattamaneni, Mrs Manisha Singhanian

Chairpersons - Dr Geeta Ganguly, Dr Sudip Chakrovorty

Moderator-Dr Swapna Y K, Panelists - Dr Madhumathi S , Dr Parul Kotdawala, Dr Anupama Bahadur, Dr Usha Sharma

Attend Two Workshops At The Price Of One

Infertility- Ovulation Induction & IUI protocols

This workshop is useful to both budding & established gynecologists with an interest in infertility. The delegate will learn algorithm based approach to ovulation induction and IUI improving clinical outcomes. Learn to understand semen analysis report better and enjoy the rapid fire round with experts.

Experts - Dr Padmaja Veeramachineni, Dr Ch Narayan Rao, Dr Tity Chacko, Dr Anuradha K, Dr Durga Patchava, Dr Shoba V, Dr Narmada K, Dr Geeta Ganguly Mukherjee

Session -1

Getting the basics right- Physiology of ovulation
3-D Hycosy with new contrast
Infertility management algorithm

Session-2

OI protocols-Unexplained infertility
OI protocols- When there are too many follicles
OI protocols- For Hidden follicles in Non-Responders

Session-3

Semen Analysis- How to interpret the report
Optimizing sperm parameters for IUI success
IUI preparation- Methods & Reasons behind the methods

Session-4

IUI Procedure- Best practice tips
When IUI is a challenge- What to do?

Rapid fire session with all experts

Tips for a successful TLH

A complete video workshop with 15 minutes interaction after each session with experts will enable participants to perform successful TLH after attending this workshop.

Experts-Dr Sanjay Patel, Dr Rooma Sinha, Dr Sasikala K, Dr Manjula Anagani, Dr Neeraj Yanamandra, Dr Hafizur Rahman

Session -1

TLH made simple- From ports to Cuff Closure
Ureteral Anatomy in relation to TLH

Session-2

Strategies for Vaginal vault opening- know your pouches vaginally
Dissecting bladder in previous caesarean section
Obliterated pouch of Douglas - Where to begin?

Session-3

Dealing with Large Uterus laparoscopically
Role of Da Vinci Robotic Platform in complex
Hysterectomy- What do you gain?

Session-4

Dealing with Ureter & Bladder injury
How to deal with vascular Injury?

ASK THE EXPERTS- Open session (Moderator - Dr Rooma Sinha/ Dr Hafizur Rahman)

Prematurity - optimising outcomes

This is designed to be a stage for brainstorming sessions by experts in lively and thoughtful case discussions on obstetric and perinatal interventions to optimize preterm outcomes. Current evidence and the latest Indian data on preterm outcomes will be discussed.

Experts : Dr Mala Srivastav, Dr Kiranmai Devineni, Dr Chandra Mansukani, Dr Vijayanand J, Dr Lakshmi Ratna, Dr Veena Agarwal, Dr Jyothsna P, Dr Kalpana B, Dr Nalinikanth, Dr Ravi Shankar, Dr Shruthi Kesireddy

Topics

- | | |
|---|--|
| <ul style="list-style-type: none"> • Predicting preterm birth – Ideal method • Preventing preterm birth – where have we reached ? • Checklist to optimize preterm outcomes- What an obstetrician should know? • Redefining the viability gestational age in India – latest Indian data • Cerclage – When , what ,how and why – Video demos | <ul style="list-style-type: none"> • PPROM management in remote from term- evidence based protocol • Evidence on mode of delivery in a preterm labour • Diagnosis and management of Chorioamnionitis • Longterm outcomes and assessment in preterm babies- Indian data • Preterm care issues – Neonatologist's advise to the obstetrician • Case scenarios and interaction |
|---|--|

Pre-congress workshop

Hysteroscopy For All

The video workshop is aimed at a practical discussion of the nuances of Hysteroscopy. At the end of the workshop the participant will be able to set up their hysteroscopy unit, learn to do operative hysteroscopy and also get insight in trouble shooting when they face problems in their practice. Learn from the masters

Experts : Dr Kurien Joseph, Dr Y K Swapna, Dr Durga Rao, Dr Alka Kumar

Session -1

How to set up a hysteroscopy unit
Office Hysteroscopy
Complications of Hysteroscopy with focus on fluid management

Session-3

Set up of unit and instrumentation-Ergonomics
Resectoscope- Assembling & de assembling
Under water cutting – Practice
Endo trainer - Hands on training on simbiomix hysteroscopy trainer

Session-2

Septal resection- scissors / Electrocautery
Retrieval of polyps, IUCD & Foreign bodies
Myomectomy- Tips
Hysteroscopic Repair of Caesarean section Isthmocele
How to approach Uterine synechiae
Tubal cannulation

Caesarean Workshop

Most Obstetrician including post graduates might have done hundreds of caesarean sections. Do we need to attend a workshop for this common procedure? Cesarean Section rates are rising all over the world, optimising this procedure is the need of the hour. The morbidity and mortality associated with cesarean sections is increasing with increasing numbers.

This “routine surgery” might suddenly become a complicated one, leaving us clueless to deal with emergency complications. It can be difficulty in entering abdomen, difficulty in delivering baby, unexpected blood loss, accidental cut on bladder or bowel injury. Pre-op and post op interventions have changed to improve patient outcomes. Let's join our experts to share our knowledge about our most common surgery in obstetrics

Experts : Dr Ravichandran Jeganathan, Dr Sarada M, Dr Divyesh Shukla, Dr Suchitra Pandit, Dr Nuzhat Aziz, Dr Mahjabeen Singh

Session 1

Optimising a woman for caesarean, Minimizing the risk of infection, Optimising procedure: minimizing blood loss

Session 2

Difficulties in CS: Non-formed LUS, breech, impacted head, Floating head, forceps, Delivery in coagulation failure

Session 3

Devascularization, compression sutures, packing, Post Op – Is ERAS possible

Ultrasound in Gynecology

Gynecologist & Radiologist with interest in ultrasound, will learn application and limitations of USG in pelvic pathology. The participant will be able to understand targeted screening and be able to improvise reporting to suit clinical management.

Experts- Dr Mamta Deendayal, Dr Aarti Deendayal Tolani, Dr T L N Praveen, Dr Madhavi Nori, Dr Manjula P

Session -1

Systemic approach to pelvic scan-a dynamic examination

Session-2

Myoma mapping-planning strategies for management

Session-3

Endometrial Evaluation- a step wise approach

Session-4

Congenital anomalies of uterus- Scanning to refine treatment strategies

Clinical dilemmas in gynecological ultrasound- Case scenarios

Moderator Dr. Mamta Deendayal with all experts

Day 2, Saturday, 30th March, 2019

| Time | Hall A | Hall B |
|----------------|---|--|
| 09:00-09:15 AM | Use of Blood components in obstetric hemorrhage – Do we have a consensus now? Dr Kousalya Chakravarthy | BMD -Screening and medical treatment Dr Meeta Singh |
| 09:15-09:30 AM | What's new in cervical ripening Dr Jayanthi Reddy | Approach to Recurrent Vulvovaginitis. Dr Meena Samanth |
| 09:30-09:45 AM | Targets of BP control in pregnancy – controversies and consensus. Dr Rekha Kurian | Uterine conserving surgeries for prolapse - Dr Nutan Jain |
| 09:45-09:50 AM | Interaction | Interaction |
| 09:50-10:15 AM | Algorithmic approach of a case diagnosed with Single umbilical artery Dr Chinmayee Rath | Management of endometriosis- Is it time we rethink our approach ? Dr Suruchi Pandey |
| 10:15-10:30 AM | Absent nasal bone –when to react ? Dr Susheela Vavilala | EIN -New nomenclature of endometrial hyperplasia and its clinical significance Dr Leela Digumarthi |
| 10:30-10:50 AM | Second victim- Dr Ravichandran Jeganathan | Management of an unexpected malignancy in a low risk gynaec surgery. Dr Senthil J Rajapa |
| 10:50-10:55 AM | Interaction | Interaction |
| 10:55-11:15 AM | Key note address: Dr. Suchitra -Journey to FIGO award Dr Suchitra Pandit | Keynote address – TOLAC – Decision making from difficulty to easy Dr Sheela Manne |
| 11:15-11:35 AM | Key note :Antepartum fetal surveillance in GDM -newer guidelines Dr Vinitha Das | Key note : New guidelines in correcting subclinical Hypothyroidism pre and post conception Dr RN Mehrotra |
| 11:35-12:20 PM | Panel discussion on Recurrent pregnancy loss Moderators - Dr Abha Rani, Dr Krishna Kumari Panelists : Dr Ojaswini Patel, Dr Anuradha Udimudi, Dr Vinutha Puli, Dr Narasimha Reddy, Dr Srilatha Gorthi, Dr Manisha Sahu | Panel discussion on Risk reduction strategies in gynaec endoscopy Moderator - Dr Savitha Devi Panelists -Dr Neeraj Yenamandra, Dr Ramakrishna Hanuman, Dr Joseph Kurian, Dr Hafizur Rahman, Dr Lakshmi Kona |
| 12:20-01:15 PM | ISOPARB Oration Dr Suresh – Fetal care – The changing paradigm | |
| 01:15-02:00 PM | Lunch | |
| 02:00-03:00 PM | EB/GB meeting | |
| 02:00-03:00 PM | Panel discussion on Medical disorders in pregnancy Moderators - Dr Tarakeswari S, Dr Rajkumari Burla Panelists - Dr Srinivas S, Dr Subramanyam, Dr Anjoo Agarwal, Dr Mahalaxmi V, Dr Saswathi Sanyal | Panel discussion on AUB peri and postmenopausal age group Moderators - Dr Susheela Rani, Dr Basab Mukherjee Panelists -Dr Vandana, Dr Amitha Sinha, Dr RamaDevi, Dr Garudalaxmi, Dr Sulekha Pandey, Dr Harsha Kular |
| 03:00-04:00 PM | Dr Kamal Achari Oration Dr. Uma Singh - Placenta- the savior becomes the devastator. | |
| 04:00-05:00 PM | R.N. Ganguly Public Awareness Forum Modern life style - Boon or bane to women's health Chairpersons - Dr Geeta Ganguly, Dr Sudip Chakrovorty Moderator -Dr Swapna Y K, Panelists - Dr Madhumathi S , Dr Parul Kotdawala, Dr Anupama Bahadur, Dr Usha Sharma | |
| 05:00-06:00 PM | Inauguration | |
| 06:00-07:00 PM | Break | |
| 07:00 Onwards | Banquet | |

Day 3, Sunday, 31st March, 2019

| Time | Hall A | Hall B |
|-----------------|---|---|
| 09:00-09:15 AM | Update on CTG interpretation Dr J Narayan Jana | Legal implications of Surrogacy in India Dr Pragya Mishra |
| 09:15-09:30 AM | Ideal Progesterone in preventing preterm birth - controversies and consensus Dr Milind Shah | Tubo Ovarian Mass Management Dr Shanthi Singh |
| 09:30-09:45 AM | Timing of delivery in GDM on Insulin – Update Dr Sukumar Bhari | Adenomyosis in young women- Dr Manju Gita Mishra |
| 09:45-10:00 AM | Interaction | Interaction |
| 10:00-10:45 AM | Panel discussion on Fetal anomalies – Right advise for right outcome Moderator Dr Vatsala Dadhwal, Dr Aparna Sharma Panelist- Dr Harish Jayram, Dr Suresh Surapeneni Dr Sunita Mittal, Dr Geeta Kolar, Dr Prajnya Ranganath | Panel discussion on - Newer frontiers in endometriosis treatment Moderator Dr Rooma Shina, Dr Sujatha Mishra Panelist- Dr Kadambari, Dr Ritu Joshi, Dr Sasmita Dash , Dr Swamy K S, Dr Meera Rajgopal |
| 10:45-11:45 AM | Manju Gita Mishra Symposium – Near term viral infections – How to manage ? | |
| 10:45-11:00 AM | Swine flu Dr Hiralal Konar | |
| 11:00-11:15 AM | Dengue Dr Sharada M | |
| 11:15-11:30 AM | Herpes Dr Parag Binniwala | |
| 11:30-11:45 AM | Chicken Pox Dr Suman Sinha | |
| 11:45-12:00 PM | Zika infection Dr Aparna Sharma | |
| 12:00-12:45 PM | SN Tripathi Oration Dr Neeta Warthy- Uterine transplant - Courage, Commitment, Candour | |
| 12:45-01:00 PM | Keynote address: Current update on Regenerative Medicine Dr Chirayu Padhiar | Keynote address: HPV testing can it replace pap mear Cervical vaccination- Dr S Shantha Kumari |
| 01:00-01:15 PM | Timing of delivery in late onset IUGR Dr Jaya Shree Gajraj | Keynote – Ormeloxifene -its place in present day gynaec practice Dr Gangadhar Sahoo |
| 01:15-02:00 PM | LUNCH | |
| Time | Hall A | Hall B |
| 02:00-02:15 PM | Autism where has the research reached? Dr Nandini Bandikatla | Medical management of fibroids Dr Prakash Trivedi |
| 02:15-02:30 PM | Vaccinations in and around pregnancy Dr Jignesh Shah | What's new in emergency contraception Dr Arup Kumar Majhi |
| 02:30- 02:40 PM | Interaction | Interaction |
